

CONGRESO PANAMERICANO DE INGENIERIA NAVAL

"Hacia un futuro marítimo sostenible: Ingeniería, integración e innovación"

Belém, PA, June 9, 2026.

Dear colleague,

The Pan-American Institute of Naval Engineering (IPIN AMERICAS) has the honor of inviting you to submit technical and scientific papers to the **XXX COPINAVAL 2027**, Pan-American Congress of Naval Engineering, Maritime Transportation, and Port Engineering, to be held from September 20 to 24, 2027, at the **Hotel Vila Galé Collection Amazônia**, in Belém, Pará, Brazil.

The congress is opening its call for papers for the following thematic tracks:

- Energy transition and maritime decarbonization
- Maritime safety, regulation, and governance
- Naval Military Engineering: sovereignty, innovation, and governance
- Shipbuilding and regional industrial development
- Maritime education, training, and culture
- Innovation in vessel design and operation
- Port infrastructure

Papers approved by the scientific committee will be published in the congress proceedings, and the best articles may be recommended for publication in COPINAVAL's official supporting journal, *Marine Systems & Ocean Technology* (published by Springer).

Papers must be submitted in Portuguese, Spanish, or English, following the formatting guidelines available at www.copinaval.com. The submission deadline and further information will be announced soon.

COPINAVAL 2027 represents a unique opportunity to disseminate research, exchange experiences, and connect with key players in the Americas' naval and maritime sectors.

We count on your contribution to build a scientific program of excellence.

Sincerely,

Dr. Pedro Igor Dias Lameira, Naval Engineer
Presidente of IPIN AMERICAS
General Coordinator of XXX COPINAVAL 2027
